PUMPING SENATORS.

Newspaper Men Do This Successfully and Learn the Business Done in the Secret Sessions.

WASHINGTON, March 12.—Senator Faulkner, of West Virginia, and Senator Bates, of Tennessee, were seated together in a committee room yesterday, when George Harries, a newspaper man, entered.

"Harries," said Senator Faulkner, "I wish you would tell me how you newspaper men get information of the transactions of our secret sessions?"

"Why," said Mr. Harries, "there is a committee up stairs trying to find that out. You will have to go up and listen to the testimony."

"Never mind the committee," said the senator. "Won't you tell me just for the gratification of my own curiosity?"

Mr. Harries reflected a moment and said: "I would have no objection to telling you, senator, if you were authorized by the senate to receive the information."

"Then why don't you tell it to the committee?" asked the senator.

"Is the committee properly constituted and duly authorized to receive such information, senator?"

"Of course it is."

"How do you make that out?"

"Why," said the senator, "it was constituted by the senate in the regular way under Senator Dolph's resolution."

Then Senator Faulkner went ahead and gave every detail of the manner in which the senate discussed and adopted the resolution, how the committee was constituted and what it was empowered to do.

When the senator had concluded Mr. Harris said: "Well, senator, that is the way we newspaper men get information of the proceedings of the secret session. Good day."

Senator Faulkner did not get the full meaning of the newspaper man's remark until Senator Bates quietly and good humoredly said:

"Faulkner, if every senator were as easy to pump as you are, we might as well hold our secret sessions out on the portico."

A Meeting of the County Organization Held at Maysville, Ind.

The county organization of the Patrons of Industry of Allen county, Ind., was held at Maysville, Ind., Feb. 22nd, 1890, and there was a large attendance of both sexes. C. F. The county delegates were then called upon to take seats on the rostrum, and consisted of the following members: Henry Horn, of Springfield Center; John Farmer, of Press association; Geo. BALMORAL CHOIR.

Read What a London Paper Says About the Balmoral Choir.

The feature of the Burns' concert at St. James's hall, London, was the clever singing of the Balmoral Choir. The Choir sang a number of part-songs, glees, etc., and with great success; and the sneer of Sydney Smith that "it required a surgical operation to get a joke into a Scotchman's head" was entirely refuted by the quaint humor displayed in many instances by the Balmoral Choir. The part-song, "Green Grow the Rashes, O!" was an instance. It was first sung by the male voices, and on the words, "He dearly lo'ed the lasses, O!" the feminine vocalists joined in the amusing effect, which was increased after the words, "Her 'prentice han' she tried on man, and then she made the lasses, O!" A very comic effect was produced in the arrangement of "Willie Brew'd a Peck o' Maut," by three of the male members of the Choir. The lines, "We are na' fou, we are nae that fou, but jist a wee drap in our e'e," were given with genuine humor. The singing of the Balmoral Choir was entitled to high commendation.—London

KNIGHTS OF THE SCALPEL.

Annual Commencement of the College of Medicine--The Graduates.

Last evening at the Masonic Temple occurred the eleventh annual commencement of the Fort Wayne College of Medicine. The attendance comfortably filled the house. The exercises upon the launching of these young doctors upon the world have always been attended with pleasant features, and last evening's event was no exception.

On the stage were seated the college faculty and the speakers.

After a prayer by Rev. Dr. Moffat and music by the First Regiment orchestra, Hon. R. C. Bell, in the absence of Hon. Montgomery Hamilton, who was unable to attend on account of his wife's sickness, delivered an address to the memory of the late Hon. Henry Monning.

He was followed by Prof. George W. McCaskey, in an address on the death of Prof. J. S. Gregg.

Mr. W. P. Breen delivered a twenty minutes address on "Professional Life," impressing the responsibility of a profession, and the qualifications necessary for success in the same.

In the absence of Hon. Charles McCulloch, president of the board of trustees, Hon. R. C. Bell, of the board, conferred the degrees upon the graduates as follows: Charles E. Barnett, Franklin M. Kemerer, Wm. S. McComb, W. P. Bennett, Wm. McClellan Enslen, Charles S. Reid, Gertrude H. Frommholz. Ad Eundem.—John Becker, M. D., Hiram R. Palmer, M. D.

The valedictory address of Dean C. B. Stemen conveyed to the young doctors the importance of their present position in life and the grand opportunities that lie within their grasp, to be attained by diligence and professional study. His remarks drew out frequent applause.

During the evening J. W. Hanson rendered a violin solo and Dr. Todd a cornet solo.

The graduates will locate as follows: Dr. Charles Barnett, of Nashville, Tenn., goes to Nebraska; Dr. William Enslen, of Lima, will enter into partnership with Dr. A. J. Kesler, of this city; Dr. W. Mr. Louis Peltier was seventy-six years old yesterday and last evening as he was about to make up his mind to retire, a delegation of about twenty-five friends crowded around him to extend congratulations. Mr. Peltier postponed going to bed for several hours, during which time all had a good time. A bountiful supper was previously arranged for the occasion by Mr. Peltier's wife and daughter, Mrs. Laughlin, and it formed an important part of the evening's enjoyments. The recipient of this surprise is hale and hearty in his advanced years.

Mr. Geary is progressive, and will build an Eiffel tower that will be a credit to the city.

Pierre M. LaFaltelle, a traveling man of Chicago, has ended a prolonged spree in this city, by finding himself in the county jail, to which place he was sentenced for eleven days by the mayor this morning. The man registered at the Aldine a week ago, and drank heavily for several days past. Yesterday afternoon he broke up the furniture in his room, and the hotel clerk had him arrested.

The Fort Wayne Rifles met last night in their armory and elected the following officers: Captain, Will H. Peltier; first lieutenant, Chas. J. Bulger; second lieutenant, Will W. Kerr. Orderly, John E. President Baltes then appointed the following committees: Finance, with C. Trenkley as chairman, on organization, with Capt. Hohnholz as chairman and a justice committee, with Capt. Hettler as chairman. The committees will be supplemented by one member from each ward to perfect the organization.

HOME TALENT.

A Grand Concert to be Given for the Benefit of the City Hospital at the Masonic Temple.

A public entertainment that has every prospect of being eminently superior to anything of the kind given in this city for a long time past, and which will be by all odds the rarest treat afforded this season, will be a concert at the Masonic Temple on the evening of Easter Monday, April 7.

It is to be for the benefit of the City hospital and will be conducted under the auspices of the Delsarte Aesthetic class, whose members are Misses Helen Moffat, Grace Woodworth, Cora Ash, Fannie and Josie Page, Jennie Creighton, Inez Dougall, Grace Waldo and Emma Smith.

The program will consist of vocal and instrumental music, readings, recitations, etc. The Delsarte Aesthetic Gymnastic club will introduce their graceful drills, the first time in public.

Under the direction of Miss Twaney, the Delsarte class will also present tableaux representing Grecian mythology. Three groups, representing Greek statuary, as arranged by Miss Twaney, several artistic entertainments in Boston, won for her many compliments, and an equally acceptable presentation can be expected here. This lady will also be heard here for the first time in her strong dramatic readings.

It is quite likely that Miss Sadie Churchill, of Chicago, a former Fort Wayne favorite, will be enlisted on the program. Miss Churchill is becoming quite a celebrated contralto singer.

Mr. W. D. Page, who is lending his assistance to the cause, showed a SENTINEL reporter the program to-day. It includes only local talent aside from the probable appearance of Miss Churchill.

The character of the entertainment alone is sufficient to commend it, without giving a thought to the worthy object, The City hospital is in need of repairs and some new furnishings. There is no fairer way to appeal for aid to meet the expense than that already planned.

It appeals to every fair-minded or charitably inclined person.

THE SENTINEL will predict a speedy sale of tickets and a full house on the evening of Easter Monday.

TWO MILLION OF BRICK.

The Present Supply of This Material on Hand--The Coming Season.

Mr. James Fields, who recently returned from a sojourn at Hot Springs, Ark., has resumed his place as secretary of the Brickmakers' Association.

He was seen by a SENTINEL reporter this morning with reference to the prospect for supplying brick the coming season.

Said he, "We hav'nt any too many brick on hand, but I think the demand can be met. There are now in the yards about 2,000,000 brick, but the increasing demand will soon diminish the piles."

The building from brick material is on the increase, and a contractor asserts that it will be a surprise to him if Fort Wayne manufacturers can keep up with their orders all of the coming summer.

A NEW HOTEL.

The Boston House to be Established by John Hinton.

Plans are now being prepared by Architect F. B. Kendrick to remodel the two buildings at the southwest corner of Calhoun and Baker streets and convert the same into a hotel. The property was formerly owned by ex-Councilman James Woulfe and Michael Woulfe, but the former is not sole owner.

The building has forty-two feet front. Another story will be added and an extension made to the alley at the rear. The house will be handsomely fitted throughout by John C. Hinton, the lessee, who now conducts the Boston restaurant.

The hotel will have a handsome plate glass front and will be an ornament to that locality. The new hotel will be styled the Boston house.

The Weather.

The bill of J. B. White for repairing sewer in the alley running from Clinton to Calhoun streets, amounting to $197.09, was referred to the committee on sewers and attorney.

Minnie M. Anderson and Josephine Large petitioned to have lot 491, Hanna's addition, and the improvements thereon exempted from taxation for the reason that the same was used for educational purposes. Referred to the committee on assessment and taxes and city attorney.

REPORT OF COMMITTEE ON STREETS AND ALLEYS,

Your committee on streets and alleys respectfully report:

1. In favor of the resolution of Councilman Gruber, to re-gravel Brackenridge street, from Calhoun to Webster streets, and relay the stone gutters on the south side of said street.

2. In favor of the resolution of Councilman Bandt, to grade and pave the sidewalks on the east side of Harrison street, from Creighton avenue to Allen street.

3. In favor of the resolution of Councilman Bandt, to grade and pave the sidewalks on the west side of Harrison street, from Creighton avenue to the north line of lot 134, William's addition.

4. In favor of the resolution of Councilman Bandt, to grade and relay to the proper width the sidewalk on the west side of Harrison street, from the north line of lot 134, William's addition, to Allen street.

5. In favor of the resolution of Councilman Huser to grade and pave the sidewalks on the north side of Main street, from the St. Mary's River bridge thence west to the brick walk now constructed.

6. In favor of the resolution of Councilman Haiber, to grade and pave the sidewalks on both sides of Putnam street, from Wells street to Franklin avenue, and to grade Putnam street from Wells street to Franklin avenue.

7. With reference to the resolution of Councilman Haiber, for the sidewalk on the east side of Clinton street, from Superior to Fifth streets, we report that contrary to the city's usual mode it has gradually and at a cost of many thousands of dollars, brought Clinton street substantially to grade and without any cost whatever to the abutting property. In view of this expenditure, the location of the water works engine house and the north side park, as well as the interest of those affected thereby, we recommend that a sidewalk be constructed upon the west side from Superior street to the bridge and upon the east side north of the bridge. The recommendation as to the west side is made because much less grading will be required therefor.

8. In favor of the petition of E. Pranger and others to grade the alley between Lewis and Summit streets, from Ohio to Cedar streets.

9. Relating to the invitation of Charles Cotten, of the Hale Pavement company, we report that the invitation has been withdrawn.

10. The bill of the city commissioners for the opening of the alley through Hanna's out lot 16, amounting to $44, is correct and should be paid and by concurrence in this report the clerk be instructed to draw an order therefor. The bill of the county recorder for making legal record of the above opening, amounting to $3, should likewise be paid.

11. We, your committee on the petition for the opening of Lowell street, from the east side of the Wabash railroad to Broadway, recommend that upon the introduction of the proper resolution, calling out the commissioners, that the same be opened, believing said opening to be practicable, and would require but little grading to place, in proper shape for park purposes.

REPORT OF COMMITTEE ON SEWERS.

We, your committee on sewers report as follows:

1. In the matter of the petition of M. P. Longacre and others for a clay-pipe sewer in the alley between Jefferson street and Washington from Union street to Garden street, report that we are of the opinion that the Broadway sewer is not large enough to drain that part of the city, and there will have to be a main sewer constructed on either Rockhill street or College street; we therefore report adverse to said petition.

2. In the matter of the petition of C. F. Ehrman for a brick sewer on George street and Broadway, your committee report adverse to the construction of said sewer at the present time.

REPORT OF COMMITTEE ON STREET AND CITY ATTORNEY.

We, your committee on streets and city attorney, respectfully committee as follows:

1. That the plat of the electric light addition to the city of Fort Wayne, of land owned by Mr. Romy, be not approved, as said plat is laid out without reference to existing streets. Ida street could be made to run either in line with Walnut street or with Reidmiller street, but as laid out it is a little too far north for Walnut street and a little too far south for Reidmiller street. The addition was recorded before being submitted to the council, but such recording is void and amounts to nothing.

2. We have examined the claim of Barnett & Powers for hack broken on East DeWald street, and report that if any liability exists therefor the Safmonie gas company, under their bond to the city, is responsible therefor. We therefore report against the claim so that suit may be brought thereon and the correct responsibility, if any, be fixed thereby.

4. Relating to the petitiofi of the trustees of Concordia college and twenty-seven others asking to have the name of Maumee road changed to Columbus avenue, we respectfully report in favor thereof, but in view of the public notice now given and contract soon to be made, for the purpose of avoiding confusion and uncertainty we recommed that no ordinance therefor be passed until the completion of said work.

4. In reference to the petition of Messrs. Robinson and McDonald asking for the vacation of the alley running from Main street to the first alley south of Columbia street, between Lafayette and Barr streets, we respectfully report in favor of the passage of a resolution calling out the commissioners upon the petitioners making the necessary deposit and otherwise proceeding according to law, as no property owners affected thereby now object.

REPORT OF SPECIAL COMMITTEE.

We your special committee to whom was referred the communication of Water Works Trustee Smith relating to the new water works engine, respectfully report that we caused a written notice to be served upon the contractors and their agents as well as the water works trustees, notifying them to make or authorize to be made no changes or modifications in said engine under any claim of authority from the city and that whatever changes or modifications where made would be the act of the contractors alone. Thereafter the committee proceeded in a body and gave such examination with reference to the changes which the contractor had then completed, a part of which labor was done after tee service of said notice. The committee afterwards met in consultation with the trustees, who assured the committee that said changes were not made by their direction and that no contract test of the engine had yet been made nor had such test been waived. Your committee was informed that one of the officers of the contractor's company will be in the city in a few days and believing that a consultation with him would throw light upon the question as to the acceptance or non-acceptance of said engine, we ask for further time.

"A Legal Wreck" is a comedy in that its main theme is comical and its conclusion happy. Some of its scenes, however, are of the nature of melodrama. The play is unique, because, like Mr. Rosenfeld's "A Possible Case," it contains incidents which are in themselves pathetic, but which grow out of humorous situations, and are a part of a comical whole. It is written by Mr. W. H. Gillette, who is, perhaps, the most promising young American dramatist. It is presented at the Temple to-night.

SCALY SKIN DISEASES.
Psoriasis 5 years, covering face, head and entire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eye sight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head and shoulders being the worst. The white scabs fell constantly from my head, shoulders and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the Cuticura Remedies, and after using two bottles Cuticura Resolvent, I could see a change; and after I had taken four bottles, I was almost cured; and when I had used six bottles of Cuticura Resolvent and one box of Cuticura, and one cake of Cuticura Soap, I was cured of the dreadful disease from which I had suffered for five years. I thought the disease would leave a very deep scar, but the Cuticura Remedies cured it without any scars. I cannot express with a pen what I suffered before using the Cuticura Remedies. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight. I know of others who have received great benefit from their use. MRS. Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

Distress After Eating **Sick Headache** **Heartburn** **Sour Stomach**

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. Steketee's Worm Destroyer.

Read What Its Mother says:

"The undersigned has a child only three months old. It became sick with pains in its bowels and stomach when scarcely two months old. It cried and whined nearly all the time, and was completely run down in flesh. We gave it everything that we thought would relieve a child but it grew worse all the time. We made twenty powders from a teaspoonful of Steketee's Worm Destroyer, gave it one powder three times daily. To our astonishment it was relieved of thousands of worms. We have given the child but twenty powders. It is entirely cured. I shall always recommend Steketee's Worm Destroyer. MRS B. BARENSE,

The Buccaneers of Old

Flaunted the skull and cross bones, their ensign, defiantly at the masthead. Your modern pirate, not on the high seas, but upon the high reputation of standard remedies, skulks under various disguises. His hole and corner traffic has never to any degree affected Hostetter's Stomach Bitters, although that standard invigorant and corrective has long been the shining mark at which his shafts have been directed. Cheap local bitters, composed of firey unrectified stimulants, with an infusion, or extract possibly, of some tonic bark, are still sometimes recommended as identical with, or similar to, or possessing virtues kindred to those of America's chosen family medicine. These perish speedily, while the great subduer and preventive of disease pursues it successful career, overcoming malaria, dyspepsia nervousness, kidney troubles, constipation and rheumatic ailments, not only on this, but on many continents.

Mr. J. F. Masters, cashier of Emmitt & Co's. bank at Waverly, Ohio, says: "I consider Chamberlain's Cough Remedy the best I have ever used. After using several other kinds, without benefit, I tried it and it quickly cured me, after years of suffering with an obstinate cough and throat trouble." 50 cent bottles for sale by George H. Loesch.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

PUMPING SENATORS.

Newspaper Men Do This Successfully and Learn the Business Done in the Secret Sessions.

WASHINGTON, March 12.- Senator Faulkner, of West Virginia, and Senator Bates, of Tennessee, were seated together in a committee room yesterday, when George Harries, a newspaper man, entered.

"Harries," said Senator Faulkner, "I wish you would tell me how you newspaper men get information of the transactions of our secret sessions?"

"Why," said Mr. Harries, "there is a committee up stairs trying to find that out. You will have to go up and listen to the testimony."

"Never mind the committee," said the senator. "Won't you tell me just for the gratification of my own curiosity?"

Mr. Harries reflected a moment and said: "I would have no objection to telling you, senator, if you were authorized by the senate to receive the information."

"Then why don't you tell it to the committee?" asked the senator.

"Is the committee properly constituted and duly authorized to receive such information, senator?"

"Of course it is."

"How do you make that out?"

"Why," said the senator, "it was constituted by the senate in the regular way under Senator Dolph's resolution."

Then Senator Faulkner went ahead and gave every detail of the manner in which the senate discussed and adopted the resolution, how the committee was constituted and what it was empowered to do.

When the senator had concluded Mr. Harris said: "Well, senator, that is the way we newspaper men get information of the proceedings of the secret session. Good day."

Senator Faulkner did not get the full meaning of the newspaper man's remark until Senator Bates quietly and good humoredly said:

"Faulkner, if every senator were as easy to pump as you are, we might as well hold our secret sessions out on the portico."

A Meeting of the County Organization Held at Maysville, Ind.

BALMORAL CHOIR.

Read What a London Paper Says About the Balmoral Choir.

The feature of the Burns' concert at St. James's hall, London, was the clever singing of the Balmoral Choir. The Choir sang a number of part-songs, glees, etc., and with great success; and the sneer of Sydney Smith that "it required a surgical operation to get a joke into a Scotchman's head" was entirely refuted by the quaint humor displayed in many instances by the Balmoral Choir. The part-song, "Green Grow the Rashes, O!" was an instance. It was first sung by the male voices, and on the words, "He dearly lo'ed the lasses, O!" the feminine vocalists joined in the amusing effect, which was increased after the words, "Her 'prentice han' she tried on man, and then she made the lasses, O!" A very comic effect was produced in the arrangement of "Willie Brew'd a Peck o' Maut," by three of the male members of the Choir. The lines, "We are na' fou, we are nae that fou, but jist a wee drap in our e'e," were given with genuine humor. The singing of the Balmoral Choir was entitled to high commendation.—London Era.

WASHINGTON.

The Commercial Resolution Amendments Up in the Senate--Other Congressional Business.

WASHINGTON, March 12. In the senate to-day the concurrent resolution for the investigation of immigration matters, together with the two house amendments requiring an investigation into the purchase of American industries by foreign capital, and as to the use of Bedloes island, in New York harbor, as an immigration depot was taken up and the house amendments agreed to, so the concurrent resolution has passed both houses.

The senate then proceeded to vote on the resolution to exclude from the record the interpolations made by Mr. Call in the report of the discussion with Mr. Chandler. The resolution was agreed to, yeas, 36; nays, 14. Four democrats voted in the affirmative, viz.: Messrs. Payne, Pugh, Vance and Cockerell.

Consideration of the resolution for the election of a president pro tem. to act during the absence of the vice-president was then proceeded with.

KNIGHTS OF THE SCALPEL.

Annual Commencement of the College of Medicine--The Graduates.

Last evening at the Masonic Temple occurred the eleventh annual commencement of the Fort Wayne College of Medicine. The attendance comfortably filled the house. The exercises upon the launching of these young doctors upon the world have always been attended with pleasant features, and last evening's event was no exception.

On the stage were seated the college faculty and the speakers.

After a prayer by Rev. Dr. Moffat and music by the First Regiment orchestra, Hon. R. C. Bell, in the absence of Hon. Montgomery Hamilton, who was unable to attend on account of his wife's sickness, delivered an address to the memory of the late Hon. Henry Monning.

He was followed by Prof. George W. McCaskey, in an address on the death of Prof. J. S. Gregg.

Mr. W. P. Breen delivered a twenty minutes address on "Professional Life," impressing the responsibility of a profession, and the qualifications necessary for success in the same.

In the absence of Hon. Charles McCulloch, president of the board of trustees, Hon. R. C. Bell, of the board, conferred the degrees upon the graduates as follows: Charles E. Barnett, Franklin M. Kemerer, Wm. S. McComb, W. P. Bennett, Wm. McClellan Euslen, Charles S. Reid, Gertrude H. Frommholz. Ad Eundem.—John Becker, M. D., Hiram R. Palmer, M. D.

The valedictory address of Dean C. B. Stemen conveyed to the young doctors the importance of their present position in life and the grand opportunities that lie within their grasp, to be attained by diligence and professional study. His remarks drew out frequent applause.

During the evening J. W. Hanson rendered a violin solo and Dr. Todd a cornet solo.

The graduates will locate as follows: Dr. Charles Barnett, of Nashville, Tenn., goes to Nebraska; Dr. William Euslen, of Lima, will enter into partnership with Dr. A. J. Kesler, of this city; Dr. W. P. Bennett goes to Crestline, his home; Dr. Frank Kemerer, of Hicksville, will locate somewhere in Ohio; Miss Gertrude Frommholz, of Switzerland, will continue her studies in the University of Michigan; Dr. Chas. HOME TALENT.

A Grand Concert to be Given for the Benefit of the City Hospital at the Masonic Temple.

A public entertainment that has every prospect of being eminently superior to anything of the kind given in this city for a long time past, and which will be by all odds the rarest treat afforded this season, will be a concert at the Masonic Temple on the evening of Easter Monday, April 7.

It is to be for the benefit of the City hospital and will be conducted under the auspices of the Delsarte Aesthetic class, whose members are Misses Helen Moffat, Grace Woodworth, Cora Ash, Fannie and Josie Page, Jennie Creighton, Inez Dougall, Grace Waldo and Emma Smith.

The program will consist of vocal and instrumental music, readings, recitations, etc. The Delsarte Aesthetic Gymnastic club will introduce their graceful drills, the first time in public.

Under the direction of Miss Twaney, the Delsarte class will also present tableaux representing Grecian mythology. Three groups, representing Greek statuary, as arranged by Miss Twaney, several artistic entertainments in Boston, won for her many compliments, and an equally acceptable presentation can be expected here. This lady will also be heard here for the first time in her strong dramatic readings.

It is quite likely that Miss Sadie Churchill, of Chicago, a former Fort Wayne favorite, will be enlisted on the program. Miss Churchill is becoming quite a celebrated contralto singer.

Mr. W. D. Page, who is lending his assistance to the cause, showed a SENTINEL reporter the program to-day. It includes only local talent aside from the probable appearance of Miss Churchill.

The character of the entertainment alone is sufficient to commend it, without giving a thought to the worthy object, The City hospital is in need of repairs and some new furnishings. There is no fairer way to appeal for aid to meet the expense than that already planned.

It appeals to every fair-minded or charitably inclined person.

THE SENTINEL will predict a speedy sale of tickets and a full house on the evening of Easter Monday.

TWO MILLION OF BRICK.

The Present Supply of This Material on Hand--The Coming Season.

Mr. James Fields, who recently returned from a sojourn at Hot Springs, Ark., has resumed his place as secretary of the Brickmakers' Association.

He was seen by a SENTINEL reporter this morning with reference to the prospect for supplying brick the coming season.

Said he, "We hav'nt any too many brick on hand, but I think the demand can be met. There are now in the yards about 2,000,000 brick, but the increasing demand will soon diminish the piles."

The building from brick material is on the increase, and a contractor asserts that it will be a surprise to him if Fort Wayne manufacturers can keep up with their orders all of the coming summer.

A NEW HOTEL.

The Boston House to be Established by John Hinton.

Plans are now being prepared by Architect F. B. Kendrick to remodel the two buildings at the southwest corner of Calhoun and Baker streets and convert the same into a hotel. The property was formerly owned by ex Councilman James Woulfe and Michael Woulfe, but the former is not sole owner.

The building has forty-two feet front. Another story will be added and an extension made to the alley at the rear. The house will be handsomely fitted throughout by John C. Hinton, the lessee, who now conducts the Boston restaurant.

The hotel will have a handsome plate glass front and will be an ornament to that locality. The new hotel will be styled the Boston house.

The Weather.

WASHINGTON, March 12.—For Indiana—Rain, followed by fair weather; northwesterly winds; colder; fair weather on Thursday.

Now is probably your only chance to go west cheap, so go before it is too late, and remember that the Nickel Plate route is cheaper than the cheapest.

T. J. Nolton asked to have $40 taxes assessed against him refunded, for the reason that the same was paid by Smith & Gotsch. Referred to the committee on assessment and taxes, city assessor and city attorney.

Minnie M. Anderson and Josephine Large petitioned to have lot 491, Hanna's addition, and the improvements thereon exempted from taxation for the reason that the same was used for educational purposes. Referred to the committee on assessment and taxes and city attorney.

F. W. Gallmeier and twenty-three others asked the council not to change the name of Maumee road to Columbus avenue. Referred to committee on streets.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

Your committee on streets and alleys respectfully report:

1. In favor of the resolution of Councilman Gruber, to re-gravel Brackenridge street, from Calhoun to Webster streets, and relay the stone gutters on the south side of said street.

2. In favor of the resolution of Councilman Bandt, to grade and pave the sidewalks on the east side of Harrison street, from Creighton avenue to Allen street.

3. In favor of the resolution of Councilman Bandt, to grade and pave the sidewalks on the west side of Harrison street, from Creighton avenue to the north line of lot 134, William's addition.

4. In favor of the resolution of Councilman Bandt, to grade and relay to the proper width the sidewalk on the west side of Harrison street, from the north line of lot 134, William's addition, to Allen street.

5. In favor of the resolution of Councilman Huser to grade and pave the sidewalks on the north side of Main street, from the St. Mary's River bridge thence west to the brick walk now constructed.

6. In favor of the resolution of Councilman Halber, to grade and pave the sidewalks on both sides of Putnam street, from Wells street to Franklin avenue, and to grade Putnam street from Wells street to Franklin avenue.

7. With reference to the resolution of Councilman Halber, for the sidewalk on the east side of Clinton street, from Superior to Fifth streets, we report that contrary to the city's usual mode it has gradually and at a cost of many thousands of dollars, brought Clinton street substantially to grade and without any cost whatever to the abutting property. In view of this expenditure, the location of the water works engine house and the north side park, as well as the interest of those affected thereby, we recommend that a sidewalk be constructed upon the west side from Superior street to the bridge and upon the east side north of the bridge. The recommendation as to the west side is made because much less grading will be required therefor.

8. In favor of the petition of E. Pranger and others to grade the alley between Lewis and Summit streets, from Ohio to Cedar streets.

9. Relating to the invitation of Charles Cotten, of the Hale Pavement company, we report that the invitation has been withdrawn.

10. The bill of the city commissioners for the opening of the alley through Hanna's out lot 16, amounting to $44, is correct and should be paid and by concurrence in this report the clerk be instructed to draw an order therefor. The bill of the county recorder for making legal record of the above opening, amounting to $3, should likewise be paid.

11. We, your committee on the petition for the opening of Locust street, from the east side of the Wabash railroad to Broadway, recommend that upon the introduction of the proper resolution, calling out the commissioners, that the same be passed, believing said opening to be necessary.

12. We, your committee on the petition for the opening of Horace street, from the first alley east of Force street to Hanna street, recommend that upon the introduction of the proper resolution, calling out the commissioners, that the same be passed.

12. Your committee carefully considered the proposals of the different bidders for furnishing the city with a twelve-ton steam roller. After examining the different proposals in detail, as well as the recommendations of those who have used the different makes, we have concluded and herewith report a contract for the purchase of a first class latest improved double engine steam road roller of twelve tons weight, of the dimensions named in the bid of the Harrisburg Car Manufacturing company, of Harrisburg, Pa. Your committee believe both the Harrisburg and the Aveling & Porter machines to be of the best kind. There is but little difference in the merits of each machine, but inasmuch as the Harrisburg company give the technical dimensions of its machine, agree to give home security on their contract and further agree to furnish all necessary parts that may be required in the future by the city at only a reasonable advance in the cost of construction and give the city a discount on their bid of 1½ per cent. off, making the price $3,150, we deem it for the best interest of the city to approve such contract.

14. On the subject of the resolution for and remonstrances against the paving of Berry street, your committee report that in accordance with our last report to this body on the subject of street paving, it was made to appear that there will be no funds to meet the city's share for paving Berry street, either with asphalt, brick, or cedar blocks, and as the law forbids the city going into debt for such improvement, we recommend that all petitions and remonstrances relating thereto be received and filed. As there will be a change in the council before said improvement can be made, your committee make no recommendation as to the character of the pavement that should be laid in the future.

15. On the subject of the petitions for DeWald street west of Calhoun and West Williams street, as well as the remonstrances against the same, your committee report that the paving of one of these streets between Fairfield avenue and Calhoun street, is a necessity. The council at its last meeting ordered the paving of DeWald street from Broadway to Fairfield avenue. For the purpose of carrying out the report of the committee heretofore made, we herewith report two resolutions, one to continue the paving of DeWald street with cedar blocks from Fairfield avenue to Calhoun street, the other to pave Williams street with cedar block from Fairfield avenue to Calhoun street. One or the other of these resolutions should be passed.

16. With reference to the petition for the paving of Lafayette street, both north and south of the railroad, we report that the subject of such paving was carefully considered by the committee, its construction with either cedar blocks or brick would cost the city about five thousand ($5,000) dollars. This amount is beyond the ability of the city to meet. While Lafayette street is laid out for a main thoroughfare it is not so used, because of the dangerous railroad crossings in the middle thereof. The common council have heretore declared a viaduct necessary for the safe use of said street, and until the use of the street is made safe, such expenditure would be unjustified.

17. With reference to the remonstrance against the paving of East Williams street, we report that no resolution for its improvement has been presented to this council.

18. Relating to the remonstrance against paving Creighton avenue from Harrison street to Holton avenue, we report that the resolution for said work passed the council some time ago. No notice to the property holders has yet been given. We, therefore, recommend that the clerk cause the proper notice to be given to the property owners to offer their objections, and we now call the council's attention that the remonstrance filed is a very strong one and shows that the burden will be a great one to some of the property holders and when their objections are heard, the council should well weigh the propriety of entering into contract. If any further street improvements contemplated are deemed of greater necessity than Creighton avenue, they cannot be made, owing to the funds.

19. In regard to the petition for and remonstrances against the paving of East Wayne street, Jefferson street, South Calhoun street, South Hanna street and Washington street, we report that after careful consideration your committee deem said improvement necessary and the common council passed the proper resolution therefor. Due notice has been given to property owners upon the lines of said improvement, that a meeting of the proper committee will be held with such property holders on the 31st day of March, 1890, at which time all complaints will be heard thereto, and the common council can considerately determine whether or not it will enter into contract therefor.

REPORT OF COMMITTEE ON ASSESSMENTS AND TAXES AND ASSESSOR.

Your committee to whom was referred the petition of the Plymouth Congregational church, would report that while the law is against them, we are of the opinion that the equity of the case is theirs, as in our opinion as a church organization they ought not to be asked to pay any taxes. We find, also, that there has been no taxes heretofore collected from them; we would therefore recommend that the taxes charged against lot No. 12, block 25, in Ewing's addition, be remitted and that by a concurrence in this report the city clerk is hereby authorized to make out an overcharge for same and deliver it to the city treasurer.

REPORT OF CITY ASSESSOR.

I respectfully report that the plat books show the improvements on north 70 feet of lot 7, block 28, Ewing's addition, owned by Gust Greensfelder, to be assessed at $500, and that by a clerical error it was transferred to the tax duplicate as being $1,500. Therefore said Greensfelder should receive an overcharge for $11.50.

We, your committee on parks, wish to make the following report:

1. We would recommend that the park superintendent be sworn in as a police officer and that the committee by the adoption of this report be instructed to purchase a star for said officer.

2. We examined the bids and plans for the building of a bridge across the Spy Run in the North Side park and after careful consideration came to the conclusion to let the building of a bridge lay over for a year or two, as the cost would be too high at present, but would recommend the passage of an ordinance introduced this evening for the enlargement of the park west of Spy Run, which could be improved this spring at a very small sum, all the ground laying mostly level and would require but little grading to place, in proper shape for park purposes.

2. In the matter of the petition of C. F. Ehrman for a brick sewer on George street and Broadway, your committee report adverse to the construction of said sewer at the present time.

REPORT OF WATER WORKS TRUSTEES AND COMMITTEE ON WATER WORKS.

In accordance with a resolution referred to the committee and trustees of water works December 26, 1889, respectfully report that we have on hand about 1,500 feet of six-inch pipe and would recommend that the same be layed on Broadway, between DeWald street and Creighton avenue, and on DeWald street, between Lafayette and Calhoun street, and that the proper resolution be introduced proposing to make the necessary extension.

REPORT OF COMMITTEE ON STREET AND CITY ATTORNEY.

We, your committee on streets and city attorney, respectfully report as follows:

1. That the plat of the electric light addition to the city of Fort Wayne, of land owned by Mr. Romy, be not approved, as said plat is laid out without reference to existing streets. Ida street could be made to run either in line with Walnut street or with Reidmiller street, but as laid out it is a little too far north for Walnut street and a little too far south for Reidmiller street. The addition was recorded before being submitted to the council, but such recording is void and amounts to nothing.

2. We have examined the claim of Barnett & Powers for hack broken on East DeWald street, and report that if any liability exists therefor the Salimonie gas company, under their bond to the city, is responsible therefor. We therefore report against the claim so that suit may be brought thereon and the correct responsibility, if any, be fixed thereby.

4. Relating to the petition of the trustees of Concordia ecllege and twenty-seven others asking to have the name of Maumee road changed to Columbus avenue, we respectfully report in favor thereof, but in view of the public notice now given and contract soon to be made, for the purpose of avoiding confusion and uncertainty we recommend that no ordinance therefor be passed until the completion of said work.

4. In reference to the petition of Messrs. Robinson and McDonald asking for the vacation of the alley running from Main street to the first alley south of Columbia street, between Lafayette and Barr streets, we respectfully report in favor of the passage of a resolution calling out the commissioners upon the petitioners making the necessary deposit and otherwise proceeding according to law, as no property owners affected thereby now object.

REPORT OF COMMITTEE ON STREETS AND, CIVIL ENGINEER AND CITY ATTORNEY.

We, your committee on streets, civil engineer and city attorney, upon the petition of Mr. Charles McCulloch relating to obstruction of an alley in McCulloch's Homestead addition, respectfully report inasmuch as we now understand that the party guilty of creating such obstruction is now willing to remove the same therefrom, we recommend that the city civil engineer be instructed to set the stakes to show the proper line of said alley at said point.

REPORT OF SPECIAL COMMITTEE.

We your special committee to whom was referred the communication of Water Works Trustee Smith relating to the new water works engine, respectfully report that we caused a written notice to be served upon the contractors and their agents as well as the water works trustees, notifying them to make or authorize to be made no changes or modifications in said engine under any claim of authority from the city and that whatever changes or modifications where made would be the act of the contractors alone. Thereafter the committee proceeded in a body and gave such examination with reference to the changes which the contractor had then completed, a part of which labor was done after tee service of said notice. The committee afterwards met in consultation with the trustees, who assured the committee that said changes were not made by their direction and that no contract test of the engine had yet been made nor had such test been waived. Your committee was informed that one of the officers of the contractor's company will be in the city in a few days and believing that a consultation with him would throw light upon the question as to the acceptance or non-acceptance of said engine, we ask for further time.

Chas. B. Hammond, a man who has got a great reputation for extorting money from certain London noblemen of whom he claims to know much that had not better be made public, has announced his intention to expose another Londoner unless a certain amount of money is cabled him. This man Hammond has received a good deal in this way, but is again short of funds. He is a former partner of Sam. On a recent visit to Iowa Mr. K. Dalton, of Luray, Russell Co., Kas., called at the laboratory of Chamberlain & Co., Des Moines, to show them his six-year-old boy, whose life had been saved by Chamberlain's Cough Remedy; it having cured him of a very severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the Remedy. He says it has an excellent reputation in his vicinity; that farmers come fifteen miles to his store for it and that many of them, like himself, are never without it in ther homes. For sale by Geo. "A Legal Wreck" is a comedy in that its main theme is comical and its conclusion happy. Some of its scenes, however, are of the nature of melodrama. The play is unique, because, like Mr. Rosenfeld's "A Possible Case," it contains incidents which are in themselves pathetic, but which grow out of humorous situations, and are a part of a comical whole. It is written by Mr. W. H. Gillette, who is, perhaps, the most promising young American dramatist. It is presented at the Temple to-night.

A special meeting of the Amateur Athletic association will be held to-morrow evening to consider the advisability of having in-door sports. The following are contemplated: Sack race, potato race, half mile run, one mile run, boxing match, tug of war, poll vault, running high jump, running high kick, obstacle race, and others.

SCALY SKIN DISEASES.

Psoriasis 5 years, covering face, head and entire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eye sight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head and shoulders being the worst. The white scabs fell constantly from my head, shoulders and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the Cuticura Remedies, and after using two bottles Cuticura Resolvent, I could see a change; and after I had taken four bottles, I was almost cured; and when I had used six bottles of Cuticura Resolvent and one box of Cuticura, and one cake of Cuticura Soap, I was cured of the dreadful disease from which I had suffered for five years. I thought the disease would leave a very deep scar, but the Cuticura Remedies cured it without any scars. I cannot express with a pen what I suffered before using the Cuticura Remedies. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight. I know of others who have received great benefit from their use. MRS. ROSA KELLY,

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

Distress After Eating

Sick Headache

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

PUMPING SENATORS.

Newspaper Men Do This Successfully and Learn the Business Done in the Secret Sessions.

WASHINGTON, March 12.—Senator Faulkner, of West Virginia, and Senator Bates, of Tennessee, were seated together in a committee room yesterday, when George Harries, a newspaper man, entered.

"Harries," said Senator Faulkner, "I wish you would tell me how you newspaper men get information of the transactions of our secret sessions?"

"Why," said Mr. Harries, "there is a committee up stairs trying to find that out. You will have to go up and listen to the testimony."

"Never mind the committee," said the senator. "Won't you tell me just for the gratification of my own curiosity?"

Mr. Harries reflected a moment and said: "I would have no objection to telling you, senator, if you were authorized by the senate to receive the information."

"Then why don't you tell it to the committee?" asked the senator.

"Is the committee properly constituted and duly authorized to receive such information, senator?"

"Of course it is."

"How do you make that out?"

"Why," said the senator, "it was constituted by the senate in the regular way under Senator Dolph's resolution."

Then Senator Faulkner went ahead and gave every detail of the manner in which the senate discussed and adopted the resolution, how the committee was constituted and what it was empowered to do.

When the senator had concluded Mr. Harris said: "Well, senator, that is the way we newspaper men get information of the proceedings of the secret session. Good day."

Senator Faulkner did not get the full meaning of the newspaper man's remark until Senator Bates quietly and good humoredly said:

"Faulkner, if every senator were as easy to pump as you are, we might as well hold our secret sessions out on the portico."

BALMORAL CHOIR.

Read What a London Paper Says About the Balmoral Choir.

The feature of the Burns' concert at St. James's hall, London, was the clever singing of the Balmoral Choir. The Choir sang a number of part-songs, glees, etc., and with great success; and the sneer of Sydney Smith that "it required a surgical operation to get a joke into a Scotchman's head" was entirely refuted by the quaint humor displayed in many instances by the Balmoral Choir. The part-song, "Green Grow the Rashes, O!" was an instance. It was first sung by the male voices, and on the words, "He dearly lo'ed the lasses, O!" the feminine vocalists joined in the amusing effect, which was increased after the words, "Her 'prentice han' she tried on man, and then she made the lasses, O!" A very comic effect was produced in the arrangement of "Willie Brew'd a Peck o' Maut," by three of the male members of the Choir. The lines, "We are na' fou, we are nae that fou, but just a wee drap in our e'e," were given with genuine humor. The singing of the Balmoral Choir was entitled to high commendation.—London Era.

KNIGHTS OF THE SCALPEL.

Annual Commencement of the College of Medicine—The Graduates.

Last evening at the Masonic Temple occurred the eleventh annual commencement of the Fort Wayne College of Medicine. The attendance comfortably filled the house. The exercises upon the launching of these young doctors upon the world have always been attended with pleasant features, and last evening's event was no exception.

He was followed by Prof. George W. McCaskey, in an address on the death of Prof. J. S. Gregg.

In the absence of Hon. Charles McCulloch, president of the board of trustees, Hon. R. C. Bell, of the board, conferred the degrees upon the graduates as follows: Charles E. Barnett, Franklin M. Kemerer, Wm. S. McComb, W. P. Bennett, Wm. McClellan Enslen, Charles S. Reid, Gertrude H. Frommholz. Ad Eundem.—John Becker, M. D., Hiram R. Palmer, M. D.

The valedictory address of Dean C. B. Stemen conveyed to the young doctors the importance of their present position in life and the grand opportunities that lie within their grasp, to be attained by diligence and professional study. His remarks drew out frequent applause.

During the evening J. W. Hanson rendered a violin solo and Dr. Todd a cornet solo.

LaFaltelle, a traveling man of Chicago, has ended a prolonged spree in this city, by finding himself in the county jail, to which place he was sentenced for eleven days by the mayor this morning. Hettler as chairman. The committees will be supplemented by one member from each ward to perfect the organization.

HOME TALENT.

A Grand Concert to be Given for the Benefit of the City Hospital at the Masonic Temple.

A public entertainment that has every prospect of being eminently superior to anything of the kind given in this city for a long time past, and which will be by all odds the rarest treat afforded this season, will be a concert at the Masonic Temple on the evening of Easter Monday, April 7.

It is to be for the benefit of the City hospital and will be conducted under the auspices of the Delsarte Aesthetic class, whose members are Misses Helen Moffat, Grace Wordsworth, Cora Ash, Fannie and Josie Page, Jennie Creighton, Inez Dougall, Grace Waldo and Emma Smith.

The program will consist of vocal and instrumental music, readings, recitations, etc. The Delsarte Aesthetic Gymnastic club will introduce their graceful drills, the first time in public.

Under the direction of Miss Twaney, the Delsarte class will also present tableaux representing Grecian mythology. Three groups, representing Greek statuary, as arranged by Miss Twaney, several artistic entertainments in Boston, won for her many compliments, and an equally acceptable presentation can be expected here. This lady will also be heard here for the first time in her strong dramatic readings.

It is quite likely that Miss Sadie Churchill, of Chicago, a former Fort Wayne favorite, will be enlisted on the program. Miss Churchill is becoming quite a celebrated contralto singer.

Mr. W. D. Page, who is leading his assistance to the cause, showed a SENTINEL reporter the program to-day. It includes only local talent aside from the probable appearance of Miss Churchill.

The character of the entertainment alone is sufficient to commend it, without giving a thought to the worthy object, The City hospital is in need of repairs and some new furnishings. There is no fairer way to appeal for aid to meet the expense than that already planned.

It appeals to every fair-minded or charitably inclined person.

THE SENTINEL will predict a speedy sale of tickets and a full house on the evening of Easter Monday.

TWO MILLION OF BRICK.

The Present Supply of This Material on Hand—The Coming Season.

Mr. James Fields, who recently returned from a sojourn at Hot Springs, Ark., has resumed his place as secretary of the Brickmakers' Association.

He was seen by a SENTINEL reporter this morning with reference to the prospect for supplying brick the coming season.

Said he, "We have not any too many brick on hand, but I think the demand can be met. There are now in the yards about 2,000,000 brick, but the increasing demand will soon diminish the piles."

The building from brick material is on the increase, and a contractor asserts that it will be a surprise to him if Fort Wayne manufacturers can keep up with their orders all of the coming summer.

A NEW HOTEL.

The Boston House to be Established by John Hinton.

Plans are now being prepared by Architect F. B. Kendrick to remodel the two buildings at the southwest corner of Calhoun and Baker streets and convert the same into a hotel. The property was formerly owned by ex Councilman James Woulfe and Michael Woulfe, but the former is not sole owner.

The building has forty-two feet front. Another story will be added and an extension made to the alley at the rear. The house will be handsomely fitted throughout by John C. Hinton, the lessee, who now conducts the Boston restaurant.

The hotel will have a handsome plate glass front and will be an ornament to that locality. The new hotel will be styled the Boston house.

The Weather.

The bill of J. B. White for repairing sewer in the alley running from Clinton to Calhoun streets, amounting to $197 00, was referred to the committee on sewers and attorney.

F. W. Gallmeier and twenty-three others asked the council not to change the name of Maumee road to Columbus avenue. Referred to committee on streets.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

Your committee on streets and alleys respectfully report:

1. In favor of the resolution of Councilman Graber, to re-gravel Breckenridge street, from Calhoun to Webster streets, and relay the stone gutters on the south side of said street.

2. In favor of the resolution of Councilman Bandt, to grade and pave the sidewalks on the east side of Harrison street, from Creighton avenue to Allen street.

3. In favor of the resolution of Councilman Bandt, to grade and pave the sidewalks on the west side of Harrison street, from Creighton avenue to the north line of lot 134, William's addition.

4. In favor of the resolution of Councilman Bandt, to grade and relay in the proper width the sidewalk on the west side of Harrison street, from the north line of lot 134, William's addition, to Allen street.

5. In favor of the resolution of Councilman Bruner, to grade and pave the sidewalks on the north side of Main street, from the St. Mary's River bridge thereon west to the brick walk now constructed.

6. In favor of the resolution of Councilman Graber, to grade and pave the sidewalks on both sides of Putnam street from Wells street to Franklin avenue, and to grade Pulham street from Wells street to Franklin avenue.

7. With reference to the resolution of Councilman Graber, for the sidewalk on the east side of Clinton street, from Superior to Fifth streets, we report that contrary to the city's usual mode it has gratuitously and at a cost of many thousands of dollars, brought Clinton street substantially to grade and without any cost whatever to the abutting property. In view of this expenditure, the location of the water works engine house and the south side park, as well as the interest of those affected thereby, we recommend that a sidewalk be constructed upon the west side from Superior street to the bridge and upon the east side over the said bridge. The recommendation as to the west side is made because much less grading will be required thereafter.

8. In favor of the petition of E. Trenner and others to grade the alley between Lewis and Summit streets, from Ohio to Cedar streets.

9. Relative to the installation of Charleus rates, of the Hale Pavement company, we report that the installation has been unfortunate.

10. The bill of the city commissioners for the opening of the alley through Wehrly's out lot 16, amounting to $18 is correct and should be paid and by concurrence in this report the clerk be instructed to draw an order therefor. The bill of the county recorder for making legal record of the above opening, amounting to $3, should likewise be paid.

11. We, your committee on the petition for the opening of Bryant street, from the east side of the Wabash railroad to Brandriff, recommend that upon the introduction of the proper resolution, calling out the commissioners that the same be passed, believing said opening to be necessary.

12. We, your committee on the petition for the opening of Horace street, from the first alley east of Force street to Hanna street, recommend that upon the introduction of the proper resolution, calling out the commissioners that the same be passed.

13. We, your committee on the petition for the opening of Hanna street, from the south line of Wells street to the north line of Lewis street, believing said opening to be necessary, recommend that upon the introduction of the proper resolution, calling out the commissioners that the same be passed.

14. Your committee carefully considered the proposals of the different bidders for furnishing the city with a new steam roller. After examining the different proposals in detail, as well as the recommendations of those who have used the different makes, we have accordingly and advisedly report in favor of the purchase of a new steam roller of the latest improved double cylinder steam roller of twelve tons weight, of the Minneapolis make, in the sum of $4,000 from the Minneapolis Threshing company, of Harrisburg, Pa. Your committee believe both the Harrisburg and the Aveling & Porter machines to be of the best, but we prefer the Minneapolis because of the greater facility of each machine for transportation, the ease of operation and the beneficial dimensions of its handling, enabling better bearing and greater tractive power, further agree to furnish all necessary pulleys that may be required in the future by the city at only actual material cost in the case of foundry and at 25 per cent advance on the cost of the pulleys sold making the price $4,000. We deem it for the best interest of the city to approve such contract.

15. On the subject of the asphalt for said roadway, we advise against the paving of Berry street. Your committee report that in accordance with our last report in this body on the subject of street pavements, it was our opinion that there will be no funds left in the city's share for paving Berry street, either with asphalt, brick, or cedar blocks, and as the law forbids the city going into debt for such improvement, we recommend that all petitions and remonstrances relating thereto be received and filed. As there will be a change in the council before said improvement can be made, your committee make no recommendations as to the character of the pavement that should be laid in the future.

16. On the subject of the petitions for DeWald street west of Calhoun and West Williams street, as well as the remonstrances against the same, your committee report that the paving of one of these streets, between Fairfield avenue and Calhoun street, is a necessity. The council at its last meeting ordered the paving of DeWald street from Broadway to Fairfield avenue. For the purpose of carrying out the report of the committee heretofore made, we herewith report in favor of the petitions, and recommend the paving of DeWald street with cedar blocks from Fairfield avenue to Calhoun street, the other to pave Williams street with cedar block from Fairfield avenue to Lafayette street, one or the other of these resolutions should be passed.

17. With reference to the petition for the paving of Lafayette street, both north and south of the railroad, we report that the subject of such paving was carefully considered by the committee, its consideration with either cedar blocks or brick, would cost the city about five thousand dollars. This amount is beyond the ability of the city to meet. While Lafayette street is laid out 80 feet in width throughout it is not so paved, but consist of the dangerous and bad crossings in the middle thereof. The common council have heretofore declared it the duty necessary for the safe use of said street, and now that the street is made safe, such expenditure would be unjustified.

18. With reference to the remonstrance against the paving of East Williams street, we report that no petition for its improvement has been presented to this council.

19. Relating to the remonstrance against paving Creighton avenue from Harrison street to Holton avenue, we report that the resolution for said work passed the council some time ago. No notice to the property holders has yet been given. We, therefore, recommend that such notice be given to the property owners to offer their objections, and we hope that the council's attention that the remonstrance filed in very strong time and above the burden will be a great one to some of the property holders over which their objections are heard, the council should will weigh the propriety of entering into contract. If new and other street improvements contemplated are deemed of greater necessity than Creighton avenue, they cannot be made, owing to the funds.

20. In regard to the petition for and remonstrances against the paving of East Wayne street, Jefferson street, South Calhoun street, south Hanna street and Washington street, we report that after careful consideration, your committee deem said improvement necessary and the common council passed the proper resolution thereof. The bonds have been given the property owners upon the lines of said improvement. That a meeting of the proper committee will be held with such property holders on the first day of March, 1890, at which time all objections will be heard thereto, and the common council can considerately determine whether or not it will enter into contract therefor.

REPORT OF COMMITTEE ON ASSESSMENTS AND TAXES AND ASSESS.

Your committee to whom was referred the petition of the Plymouth Congregational church, would report that while the law is against them, we are of the opinion that the equity of the case is theirs, as in our opinion as a church organization they ought not to be asked to pay any taxes. We find, also, that there has been no taxes heretofore collected from them, we would therefore recommend that the taxes charged against lot No. 12, block 33, in Ewing's addition, be remitted and that by a concurrence in this report the city clerk is hereby authorized to make out an overcharge for same and deliver it to the city treasurer.

REPORT OF CITY ASSESSOR.

I respectfully report that the plat books show the improvements on north 70 feet of lot 7, block 28, Ewing's addition, owned by Gust. Greensfelder, to be assessed at $600 and that by a clerical error it was transferred to the tax duplicate as being $1,500. Therefore said Greensfelder should receive an overcharge for $11.50.

CHAS. REESE,
City Assessor.

The undersigned committee on assessments and taxes find the above report to be correct and recommend that the clerk issue an overcharge for $11.50 to said Greensfelder.

REPORT OF COMMITTEE ON PARKS.

We, your committee on parks, wish to make the following report:

1. We would recommend that the park superintendent be sworn in as a police officer and that the committee by the adoption of this report be instructed to purchase a star for said officer.

2. We examined the bids and plans for the building of a bridge across the Spy Run in the South Side park and after careful consideration came to the conclusion to let the building of a bridge lay over for a year or two, as the cost would be too much at present, but would recommend the passage of an ordinance introduced this evening for the enlargement of the park west of Spy Run, which could be improved this spring at a very small sum, all the gravel lay-ing back beside level and would require but little grading to place, in proper shape for park purposes.

REPORT OF COMMITTEE ON SEWERS.

We, your committee on sewers report as follows:

1. In the matter of the petition of M. P. Lee, et al and others for a clay-pipe sewer in the alley between Jefferson street and Washington, from Clinton street to Harmer street, report that we are of the opinion that the Broadway sewer is not large enough to drain that part of the city, and there will have to be a main sewer constructed on either Calhoun street or College street; we therefore report adverse to said petition.

2. In the matter of the petition of C. F. Harman for a brick sewer on George street and Broadway, your committee report adverse to the construction of said sewer at the present time.

REPORT OF COMMITTEE ON STREET AND CITY ATTORNEY.

We, your committee on streets and city attorney, respectfully report as follows:

1. That the plat of Greenville's first addition to the city of Fort Wayne, of land owned by Mr. Romy, be not approved, as said plat is laid out without reference to existing streets. 4th. Railroad and Reidmiller streets in the city without street or with Reidmiller street, but as laid out it is a little too far north for Walnut street and a little too far south for Reidmiller street. No additions should be recorded before being submitted to the council, but such recording is void and amounts to nothing.

2. We have examined the claim of Barnett & Record for back broken on East DeWald street, and report that if any liability exists therefor the Sallmonde gas company, under their bond to the city, is responsible therefor. We therefore recommend the claim as that suit may be brought thereon and the correct responsibility, if any, be fixed thereby.

3. Relating to the petition of the trustees of Lyceum lodge and twenty-seven others asking to have the name of Maumee road changed to Columbus avenue, we respectfully report in favor of the same, but in view of the public notice given and contract soon to be made, for the purpose of avoiding confusion and uncertainty we recommend that no ordinance therefor be passed until the completion of said work.

4. In reference to the petition of Messrs. Robinson and McDonald asking for the vacation of the alley running from Main street to the first alley south of Columbia street, between Lafayette and Barr streets, we respectfully report in favor of the passage of a resolution calling out the commissioners upon the petitioners making the necessary deposit and otherwise proceeding according to law, as no property owners affected thereby now object.

REPORT OF SPECIAL COMMITTEE.

We, your special committee to whom was referred the communication of Water Works Trustee Smith relating to the new water works engine, respectfully report that we caused a written notice to be served upon the contractors and their agents as well as the water works trustees, notifying them to make or authorize to be made no changes or modifications in said engine under any claim of authority from the city and that whatever changes or modifications where made would be the act of the contractors alone. Thereafter the committee proceeded in a body and gave such examination with reference to the changes which the contractor had then completed, a part of which labor was done after too service of said notice. The committee afterwards met in consultation with the trustees, who assured the committee that said changes were not made by their direction and that no contract test of the engine had yet been made nor had such test been waived. Your committee was informed that one of the officers of the contractors company will be in the city in a few days and believing that a consultation with him would throw light upon the question as to the acceptance of the completion of said engine, we ask for further time.

"A Legal Wreck" is a comedy in that its main theme is comical and its conclusion happy. Some of its scenes, however, are of the nature of melodrama. The play is unique, because, like Mr. Rosenfeld's "A Possible Case," it contains incidents which are in themselves pathetic, but which grow out of humorous situations, and are a part of a comical whole. It is written by Mr. W. H. Gillette, who is, perhaps, the most promising young American dramatist. It is presented at the Temple to-night.

SCALY SKIN DISEASES.

Psoriasis 3 years, covering face, head and entire body; white scales, skin red, rotty and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and shortly covering my face. It got into my eyes, and the physician was afraid I would lose my eye sight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-ness. It then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head and shoulders being the worst. The white scabs fell off continually from my head, shoulders and arms; the skin would thicken and be red and very hot by, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the Cuticura Remedies, and after using two bottles of Cuticura Resolvent, I could see a change; and after I had taken four bottles I was almost entirely cured. Used a few cakes of Cuticura, Resolvent and one box of Cuticura, and one cake of Cuticura Soap. I was cured of the dreadful disease from which I had suffered for five years. I consider the disease would be a very deep scar, but the Cuticura Remedies cured it without any scars. I cannot express with a pen what I suffered before taking the Cuticura Remedies. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and as in my youthful. I know of others who have received great benefit from their use. MRS. ROSA KELLY, Rockwell City, Iowa.

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a good medicine like Hood's Sarsaparilla, which acts gently, yet effectually. It takes the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind. "I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. PAGE, Watertown, Mass.

BABY BARENDSE,

Three Months Old when Cured by the Use of

Steketee's Worm Destroyer.

Read What Its Mother says:

"The undersigned has a child only three months old. It became sick with pains in its bowels and stomach when scarcely two months old. It cried and whined nearly all the time, and was completely run down in flesh. We gave it everything that we thought would relieve a child, but it grew worse all the time. We made twenty powders from a teaspoonful of Steketee's Worm Destroyer, gave it one powder three times daily. To our astonishment it was relieved of thousands of worms. We have given the child but twenty powders. It is entirely cured. I shall always recommend Steketee's Worm Destroyer.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y
